

How to Install SSH101 on Roku

...

Installation

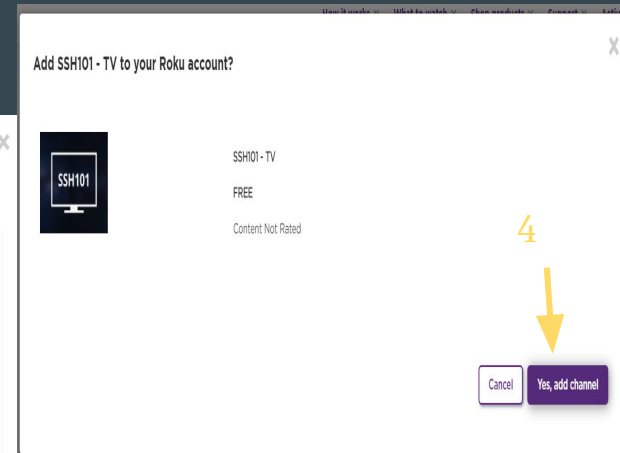

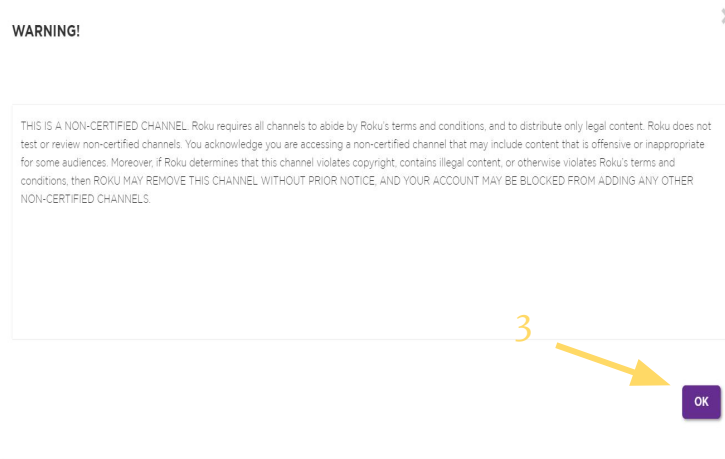

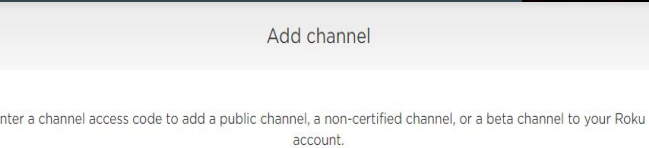

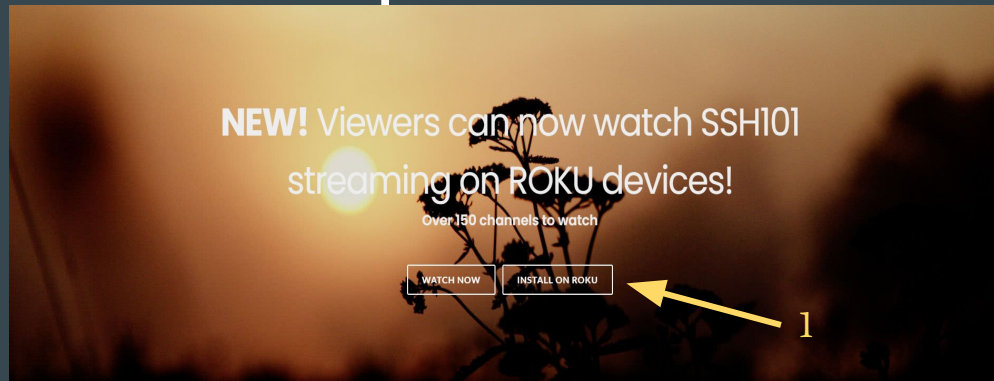

Installing SSH101 on your Roku is a fairly easy and simple task to perform.

- 1- Go to SSH101.com and scroll to the bottom of the page.
- 2-Click on one of two options to add SSH101 to your roku

Option 1

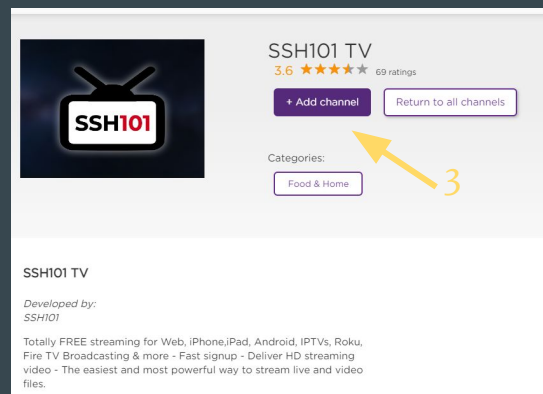

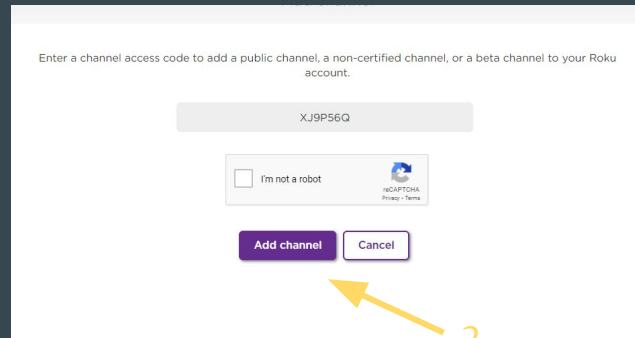

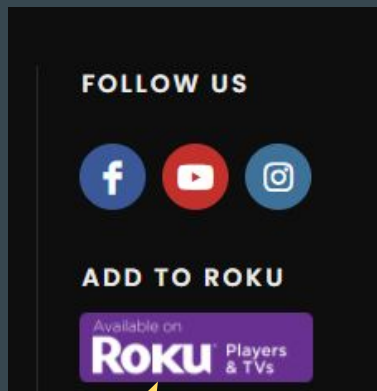

- 1-Click on “INSTALL ON ROKU”
- 2-Click on “Add channel”
- +You’ll be asked beforehand to verify you aren’t a robot
- 3- You’ll receive a warning about adding the channel. Click “OK”
- 4-A pop will show to confirm adding the channel. Click “Yes, add channel”

The channel will have been successfully added after step 4.

Option 2

- 1-Click on the purple Roku button under “ADD TO ROKU”
 - 2-Click on “Add Channel”
- +You’ll be asked beforehand to verify you aren’t a robot
- 3-You’ll be taken to the Roku store where you’ll click “+ Add channel”

The channel will have been successfully added after step 3.
